**THE CHRIST HOSPITAL**  
**AFFIDAVIT OF RACHEL HAMLIN**

Comes now the affiant, after being duly sworn and cautioned states as follows:

1. I am an employee of The Christ Hospital Health Network.
2. I am employed as a registered nurse.
3. The Christ Hospital has stated that exemptions will be available for those who apply and are approved. however, anyone approved to work without the vaccine will be required to have a minimum of one covid test each week to keep their job.
4. I am appalled by the Covid vaccine mandate, especially considering the CDC is saying that vaccinated individuals can transmit the virus, particularly the new Delta variant, to others.
5. The Christ Hospital has stated that antibody testing to prove natural immunity is worthless to them as they do not know how long natural immunity lasts.
6. I do not wish to be discriminated against or forced to comply with a ridiculous coercion tactic when I have no signs or symptoms of Covid infection, and my coworkers are exempt for no reason.
7. I am being told to "follow the science," and that is what I am attempting to do.
8. "I do not want to be injected with the covid vaccination and I do not want to be forced with this ultimatum."
9. If I do not get the vaccination by the October 1, 2021 deadline, I will be terminated from my job.

Further, Affiant Sayeth Naught.

**AFFIDAVIT OF KAITLIN RAWE  
CHRIST HOSPITAL**

Comes now the affiant, after being duly sworn and cautioned states as follows:

1. I am currently employed at Christ Hospital.
2. Christ is making "contingency" plans if they lose a lot of staff.
3. I have overheard the plans for the physician offices: "If we lose a bunch of Medical Assistants, we will hire "office assistants" to work 100% remote on telephone messages.  
(Credentials unspecified.)
  - a. If they hire the office assistants to handle the telephone messages, "this will allow the medical assistant to work with more than one provider in the office."
4. If this were to happen, the "office assistants" will need to deliver clinical results/instructions to patients.
5. I do not want to be injected with the covid vaccination and I do not want to be forced with this ultimatum.
6. If I do not get the vaccination by my employer's deadline, I will be terminated from my job.

Further, Affiant Sayeth Naught.

**AFFIDAVIT OF DONNA SCHAROLD  
CHRIST HOSPITAL**

Comes now the affiant, after being duly sworn and cautioned states as follows:

1. I am currently employed by Christ Hospital as a RN.
2. I turned in an exemption to Christ.
3. I asked the person I was turning it into for them to sign a statement that they received them. They refused to do so.
4. I asked that person their name and was told Geri Harpen, manager of employee health.
5. I put my exemption in an envelope and marked it CONFIDENTIAL/COVID EXEMPTION FORMS. I proceeded to seal the envelope in front of Geri and was told they would not accept them in the envelope.
6. I asked Geri why they wouldn't, and she stated that they email them to a committee. I explained this was a violation of my HIPPA rights. She said if she didn't email them to the committee then she would send them to the legal team and could not tell me when they would receive them.
7. I felt bullied and scared my papers would get lost somewhere in the process.
8. I do not want to be injected with the covid vaccination and I do not want to be forced with this ultimatum.
9. If I do not get the vaccination by my employer's deadline, I will be terminated from my job.
10. I am also concerned that they will use my medical exemption as a reason to terminate me some time in the future.

Further, Affiant Sayeth Naught.

**AFFIDAVIT OF SANDRA RENEE SUMME  
CHRIST HOSPITAL**

Comes now the affiant, after being duly sworn and cautioned states as follows:

1. I have been employed by "The Christ Hospital" since January 2015.
2. While working in the operating room last month (and multiple times since then), I was addressed by my nurse manager, who stated, "You are on my list, which vaccine are you planning to get or are you quitting your job?" This dictated inquiry was completely and utterly disrespectful, un-warranted, and inappropriate. When considering that during last year's "wave of COVID" I was personally exposed on multiple occasions while working on the job. I took care of patients frequently who were positive for COVID and required specialized care in the operating room. I never one time hesitated to go and do my job and provide the best care possible for these sick patients. After caring for one of such patients, I began to exhibit signs and symptoms indicating to me I had contracted the COVID 19 virus. I called employee health to report such instance along with the symptoms I was experiencing. I was told I did not have a "high enough temperature". I was told I did not need to be tested and instructed to report for duty, which I did without complaint, all the while being provided with ill-fitting N-95 masks, and/or masks that were cleaned then reused multiple times, yet never once did I hesitate to jump in and provide any care needed to our COVID 19 patients. I did not feel my safety was a concern of my employer then, and there was only minimal concern for the safety of our patients, after employee exposure with positive symptoms. Now I am being demanded of, to get this new vaccine or I am fired!? I do not feel this is in any way a righteous or a respectful action being forced on Christ Hospital Employees by our management team.
3. I understand the goal in mind is to protect our patients. I am all for vaccines once they have been tried and true, show effectiveness, and have a long term track record for proving they are safe. My patients' safety is my top priority, but I am seeing that regardless of vaccination status this virus is still being passed around and contracted. Due to the nature of this new type of mRNA vaccine that has been developed less than 1 year ago, and no long term data supporting the effectiveness or the safety of this vaccine, I feel I have the right to decline the vaccine. I do not want to be injected with the covid vaccination and I do not want to be forced with this ultimatum. If I do not get the vaccination by the October 1, 2021 deadline, I am told I will be terminated from my job.

Further, Affiant Sayeth Naught.

Comes now the affiant, after being duly sworn and cautioned states as follows:

1. I am an employee of The Christ Hospital Health Network.
2. I work as a nurse at The Christ Hospital and have been employed there for 21 years.
3. I do not want to be injected with the covid vaccination and I do not want to be forced with this ultimatum.
4. If I do not get the vaccination by the October 1, 2021 deadline, I will be terminated from my job.

Further, Affiant Sayeth Naught.
